Subject: Notice of Combining Files, Cherie #3 (S/023/025) with the Cactus  
#1/Serendipity #6 file (S/023/076), Juab County, Utah

Dear Mr. Lehto:

We received a copy of a BLM letter addressed to you regarding their bonding calculation for your three sites in the Thomas / Drum ranges. The BLM has all three of your sites categorized as one project under file number UTU-079848.

The Division has two separate files for these three projects; Cherie #3 is under file S/023/025. The Cactus #1 and Serendipity #6 are under file S/023/076. However, because the BLM has all three sites categorized under one file number and they have calculated one reclamation surety amount for all three sites, the Division will accept the BLM's recommendation and combine our files for these sites as well.

***Therefore, file number S/023/025 for the Cherie #3 will be combined into your Cactus #1/Serendipity #6 file (S/023/076). File S/023/025 will be closed.*** If you have any concerns with the Division combining these two files, please contact me immediately at (801) 538-5321.

In the future, please refer to file number S/023/076 regarding any information for the Cactus #1, Serendipity #6 and Cherie #3 sites. When the reclamation surety is posted for this project, please forward a copy of the reclamation surety bond for our files.

Thank you for your help in this permitting action.

Sincerely,

Tom Munson  
Senior Reclamation Hydrologist
